

Giang Nguyễn Đình

Frontend Developer

☎ 0345613090 ✉ ngiang1309@gmail.com 🔗 github.com/RiverNguyen 📍 Hoai Duc, Ha Noi

OBJECTIVE

Frontend developer with 2 year of experience in **NextJS** and **WordPress** development. Skilled in building responsive, SEO-friendly, and high-performance websites by leveraging Next.js as a modern frontend framework and WordPress as a headless CMS. Experienced in integrating APIs, customizing themes, and optimizing web performance to deliver smooth user experiences. Passionate about clean code, usability, and continuously improving technical skills to keep up with the latest frontend trends.

WORK EXPERIENCE

OKHub Agency

Sep 2024 - Present

Frontend Developer

- **Web Development:** Built responsive web applications using **React.js**, **Next.js**, and **Tailwind CSS**, ensuring cross-device compatibility. Enhanced UX with **GSAP** animations and transitions, optimized performance via **Lighthouse audits**, **lazy loading**, **image optimization**, **code splitting**, and **SEO best practices**.
- **Project Management:** Gathered requirements, proposed tech solutions, and collaborated with the team to meet deadlines and maintain quality standards. Integrated third-party **RESTful APIs** and managed frontend data rendering with **Redux**, **Zustand**, or **Context API**.
- **WordPress & Frontend:** Developed custom **WordPress themes**, optimized for speed, SEO, and accessibility. Converted **UI/UX designs** (Figma) into pixel-perfect interfaces, ensuring **mobile responsiveness** and **cross-browser compatibility**.
- **Database & System Operations:** Conducted **database backups**, optimized queries, and configured WordPress on **cPanel** and **VPS**. Applied **security practices** (reCAPTCHA, limited login attempts), optimized performance with **caching**, **lazy loading**, and **script minification**.
- **Deploy WordPress & Next.js:** Deployed **WordPress** and **Next.js** using **Docker** for consistent environments. Configured **Docker Compose** to manage services, ensuring scalability and security. Optimized deployment for production environments, ensuring fast, secure, and reliable applications.

F8 Technology and Education JSC

April 2024 - Nov 2024

Web Development Class Manager - Fullstack Developer

- Supported classes and students, assisted instructors with materials and Q&A.
- Tracked student progress, graded assignments, and provided feedback.
- Contributed to internal projects and optimized code.
